Dispersant

RD-9801

Features and Advantages:

RD-9801 dispersant is the high polymer dispersant launched by the company for synthetic leather color paste, for carbon black has excellent grinding and dispersion performance and good color distribution, can improve the amount of carbon black in the formula, while the color paste still has low viscosity, good mobility and storage stability.

Product specification：

Appearance	Transparent liquid
Active ingredient	98±2%
Specific gravity	1.05g/cm3
Colour (Gardner)	≤4
Boiling point	≥200℃

Application scope:

Used for preparation of solvent-based color paste of synthetic leather, grinding and dispersing carbon black.

Usage:

RD-9801 is directly dissolved in the mixture of grinding base material for grinding.

Packing:

25KG or 200KG / drum.

Storage:

Keep away from sources of fire and light; store in a dark place.
